RABIES SEROLOGY SAMPLE SUBMISSION INSTRUCTIONS

Thank you for requesting details of how to submit samples for rabies serology to Biobest. Our testing complies with the requirements of all European Pet Travel Schemes. Please read and follow these instructions carefully. If you have any questions or problems please contact any member of our office admin staff.

1. You will need to send us 1ml of serum or 2ml of clotted blood from your pet. Serum is preferable to clotted blood as it is more stable if the sample is subjected to extremes of temperature. If possible, have your veterinary surgeon centrifuge the blood sample and send only the serum
2. You will need a submission form for each sample, our import licences and a credit card payment form. Your Veterinary Surgeon must complete the submission form in full and this must accompany the sample. It is possible to send your samples and payment directly to Biobest.
3. All samples should come in a well-padded leak proof container (IATA packing instructions 650).
4. Packages should be clearly labelled with the following information:
 - Import Licence numbers: (Scottish airports: TARP(S)2017/39, English airports: ITIMP17.1171)
 - Canine/feline serum samples, no commercial value.
 - Animal diagnostic specimens - not restricted.
 - Packed in compliance with IATA packing instructions 650.
 - Country of origin: (your country)
5. Please mark the maximum value of the goods as \$1, failure to do this will incur additional charges by UK customs and excise. All additional charges should be paid by the sender, do not mark the box 'bill receiver'. If possible do not use Federal Express. Packages requiring additional costs will not be accepted by Biobest and returned to sender.
6. You should also print our 2 import licences (Scottish and English) and include the copies of the licences with the other paperwork. We would also advise you to use a reputable courier so that the sample can be traced from when it leaves to when it arrives at Biobest.
7. There is no need to ensure samples remain frozen or refrigerated in transit provided they get to us within 5 -7 days of dispatch.
8. A completed payment form must accompany each sample. If sending overseas samples direct to Biobest, please ensure you include all the completed paperwork. Our preferred payment method is e-mail payment link where we send a secure payment link to the e-mail address provided on receipt of sample. We can also accept payment by bank transfer.

We shall conduct diagnostic testing services ("Routine Diagnostic Testing Services") as follows:

- a. We will test a sample following its receipt as per any report or specification provided by us and in accordance with the test schedule and turnaround times publicised in our current marketing materials or on our website (www.biobest.co.uk). The testing schedule is subject to change by us without prior notification. We will use reasonable endeavours to ensure that tests are completed as per this schedule; however we make no guarantees of test times, unless specifically agreed to by us in writing. In this respect time shall not be of the essence. Upon request urgent tests may at our discretion be conducted outside the normal test schedule. In such circumstances additional charges may be applicable, and these shall be notified to you in advance of setting up the test.
- b. If a sample is received in a condition such that it is considered to be broken or otherwise unsuitable for testing, we will inform you immediately and request submission of a repeat sample. There will be no additional charge in such circumstances. However, we reserve the right to charge for the original and re-test where the unsuitable condition of the sample does not become apparent until during or after test completion.
- c. If we receive a request for test cancellation before we have set up the test, we will provide a full refund. If we receive a request for test cancellation after we have set up the test, we reserve the right to charge an amount to reflect our costs incurred up to the standard test price.
- d. If we receive a request from you to add a test to a sample already received, we will conduct this additional test providing there is sufficient material. The additional charge will be as per the standard test price.
- e. In the absence of any such agreed contract, these Conditions will apply. Unless otherwise agreed in writing payment terms for such research or study work will be 40% of contract value on signature of the contract by us, 30% on completion of testing and 30% on delivery of final report.

3. Samples and Results

- a. Unless otherwise agreed with us in writing, all samples received by us for Routine Diagnostic Testing Services shall become our property upon delivery of the sample to us or collection of the sample by us and, on the completion of Routine Diagnostic Testing Services, may be retained and used for research and development and other purposes. Any data or other results (and all intellectual property and other rights in them) arising from such use shall belong to us and you shall not have any rights in any of them.
- b. Unless otherwise agreed with us in writing, all data, results, reports and advice produced by us as a result of our carrying out the Routine Diagnostic Testing Services shall be our property and may be used for such purpose(s) as we decide from time to time.
- c. If you provide any data or information with, or relating to, the samples, we may use such data and information for our own purposes and provide it to third parties. If such data is "personal data" as defined in the Data Protection Act 1998, the following sentence applies. You agree that we may retain and pass to third parties (including but not limited to contract research organisations and vaccine manufacturers in order to inform such third parties of the provenance of samples, data or other results) your name, address and other personal data which we hold and you shall ensure that you have obtained the necessary consents from your directors and employees and other persons to enable us to use and disclose personal data as envisaged by this sentence.
